ARMOR, THEATRICAL, AND S.C.A. FIGHTING CATALOG

Weapons

*Theatrical And Historic
Reenactment Fighting Weapons*

Zen Warrior's line of theatrical weapons are assembled and balanced by thoroughly trained armorers. The blades are hot forged from competition grade steels from the world's best forges.

Whenever possible we use historically accurate parts taken directly from old examples we found on our many European old sword safaris. This means that some weapons like the R8 Rapier can have almost no modifications and still function. Other weapons can possibly be modified to suit special needs of the fighter. Please call and our expert armory staff will be happy to work with you.

Rapiers And Daggers

For Stage, Theatrical, and Historic Combat

CAUTION! *The Rapiers in this section are not approved for use by children or nut cases.*

R 1 Rapier - This is a genuine classic fencing foil commonly used in the 1800's. We found the original in an old sword shop in the Loire River Valley in France. You choose the foliage or the serpent guard and your favorite brass pommel from page seven. The brown leather grip is standard, the black leather and brass wire grip is \$ 13.75 option.

- R 1 Rapier, equipped with
- T10 Sport Fencing Practice Foil Blade \$ 62.75
- T10X Extra Strong Foil Blade \$ 65.00
- T90X Extra Strong Epee Blade \$ 78.75
- T02 Musketeer Theatrical Blade
- (Your choice of 30, 32, or 35 inch length) \$ 101.75

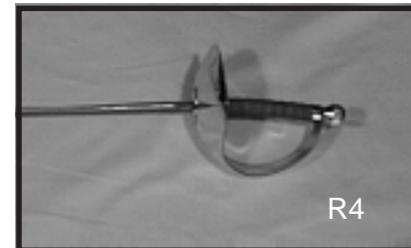

- D 1 Dagger equipped with
- T04 Flex Dagger Blade \$ 76.75
- TO5 Wide Dagger Blade \$ 97.75

R 2 Rapier - ZWA Italian style weapon imade with historically accurate brass pieces and extra strong 120mm guard for ambidextrous protection, excellent balance & handling qualities. Substitute crown guard for \$8.50, stainless short quillion for \$5.50, stainless two-finger quillion for \$7.50, stainless seven inch two finger quillion pictured for \$12.50.

- R 2 Rapier, equipped with
- T10X Foil Blade, 35" \$ 68.00
- T90X Epee Blade, 35" \$ 81.00
- T02 Musketeer Blade, 32", 35" (+\$20 for 40") \$ 104.00
- T01 Schlager Blade, 35" (+10 for 37", \$20 for 40") \$ 110.00
- T03 Rapier Blade, 30", 32", 35" \$ 110.00
- For 37" Blade, Add \$10, Add \$20 for 40"

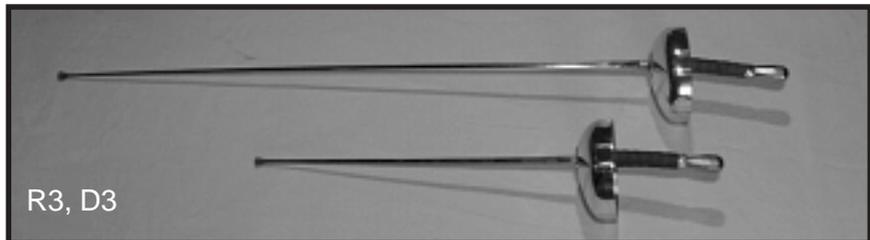

- D 2 Dagger, equipped with
- T04 Flex Dagger Blade \$ 79.00
- T05 Wide Dagger Blade \$ 100.00

R3 Rapier - A rugged, utilitarian fighting weapon made from modified sport fencing components gives good performance at a bargain price.

- R 3 Rapier, equipped with
- T10X Foil Blade , 35" \$ 54.00
- T90X Epee Blade, 35" \$ 67.00
- T02 Musketeer Blade, 32", 35" (+\$20 for 40") \$ 90.00
- T01 Schlager Blade, 35" (+\$10 for 37", \$20 for 40") \$ 98.00
- T03 Rapier Blade, 30", 32", 35" \$ 98.00
- For 37" Blade, Add \$10, Add \$20 for 40"

- D 3 Dagger, equipped with
- T04 Flex Dagger Blade \$ 65.00
- T05 Wide Dagger Blade \$ 86.00

R 4 Rapier - This weapon has become the favorite instructional weapon of theatrical fight directors throughout the USA and Canada. It comes standard with a rugged 2mm thick aluminum guard, but for an additional \$12 you can have a rolled edge stainless steel guard designed by J. Allen Suddeth.

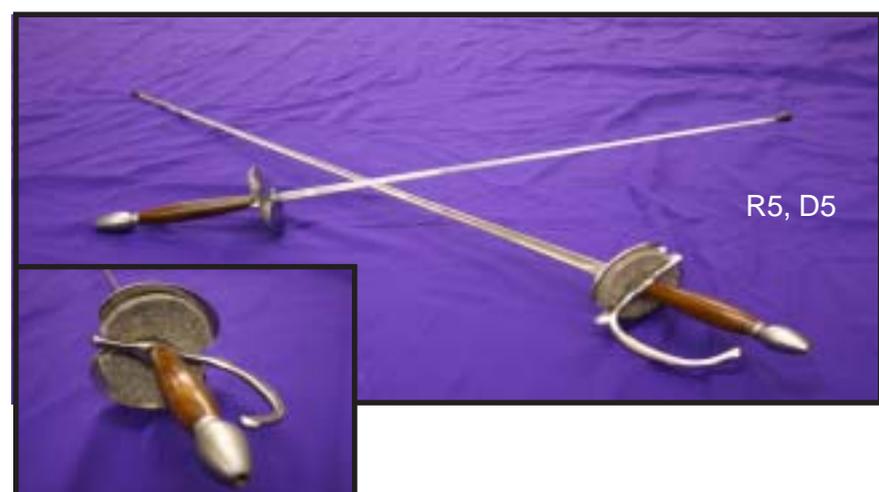

- R 4 Rapier, equipped with
- T90X Epee Blade, 35" \$ 69.00
- T02 Musketeer Blade, 32", 35" (+\$20 for 40") \$ 92.00
- T01 Schlager Blade, 35" (+ 10 for 37", \$20 for 40") \$ 99.00
- T03 Rapier Blade, 30", 32", 35" \$ 99.00
- For 37" Blade, Add \$10, Add \$20 for 40"

- D4 Dagger, equipped with
- T04 Flex Dagger Blade \$ 65.00
- T05 Wide Dagger Blade \$ 88.00

R 5 Rapier - Certified fencing Master Adam Crown supplied the original guard and A.V.B. Norman supplied the research for this type 112 Court Sword. Light, very quick action with excellent balance and durability mark this historic weapon. The knuckle guard and crown guard are stainless steel, the grip is genuine wood.

- R 5 Rapier, equipped with
- T10X Foil Blade, 35" \$ 88.00
 - T90X Epee Blade, 35" \$101.00
 - T02 Musketeer Blade, 32",35" (+\$20 for 40") \$127.00
 - T01 Schlager Blade, 35" (+\$10 for 37", \$20 for 40") \$132.00
 - T03 Rapier Blade, 35" (+\$10 for 37", \$20 for 40") \$132.00
- For 37" Blade, Add \$10, Add \$20 for 40"

- D 5 Dagger equipped with
- T04 Flex Dagger Blade \$ 99.00
 - T05 Wide Dagger Blade \$123.00

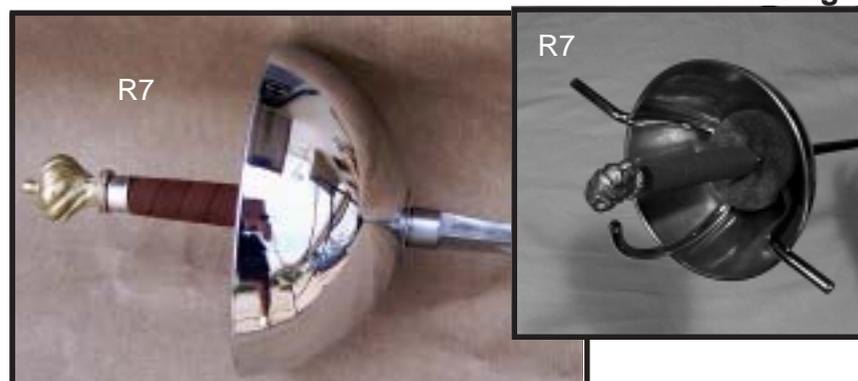

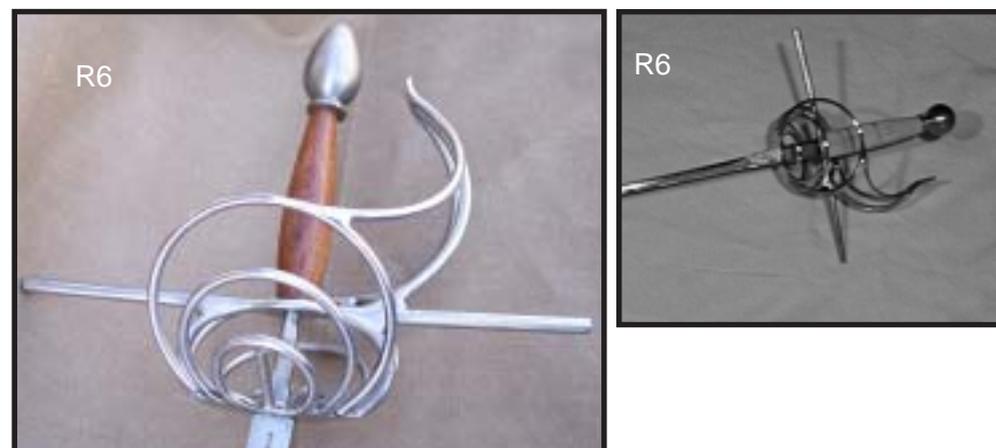

"Ninety percent of politicians give the other ten percent a bad name."
 --Henry Kissinger

R 6 Rapier - A swept hilt design common from the 1500's to the mid 1600's, this Rapier is made of welded steel and can withstand vigorous use in theatrical or historic reenactment fighting. This design is depicted on page 132 of "The Rapier And Small Sword" by AVB Norman.

- R 6 Rapier, equipped with
- T90X Epee Blade, 35" \$142.00
 - T02 Musketeer Blade, 32" 35" (+\$20 for 40") \$165.00
 - T01 Schlager, 35" (+\$10 for 37", \$20 for 40") \$170.00
 - T03 Rapier Blade, 35" +\$10 for 37", \$20 for 40") \$170.00
- For 37" Blade, Add \$10, Add \$20 for 40"

- D6 Dagger equipped with:
- T05 Wide Dagger Blade \$161.00

R7 Rapier-This theatrical fighting weapon shows well on stage with its large flashy guard. It performs well in historic fighting for men with large hands, giving maximum protection with the 165mm cup. The optional quillions and embossed guard catch the light well for a very distinctive appearance in the- atrical productions. Ambidextrous leather over wood grip. Add \$15 for the embossed guard, \$20 for Quillions, \$13 for E1 grip.

- R 7 Rapier, equipped with
- T10X Foil Blade, 35" \$ 75.00
 - T90X Epee Blade, 35" \$88.00
 - T02 Musketeer Blade 32", 35" (+\$20 for 40") \$114.00
 - T01 Schlager, 35" (+ \$10 for 37", + \$20 for 40") \$119.00
 - T03 Rapier Blade(+ \$10 for 37", + \$20 for 40") \$119.00
- For 37" Blade, Add \$10, Add \$20 for 40"

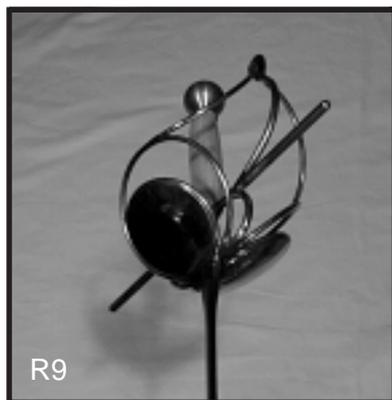

- D 7 Dagger, equipped with
- TO4 Flex Dagger Blade \$ 86.00
 - TO5 Wide Dagger Blade \$107.00

R 8 Rapier - ZWA's Reps located the original R8 Rapier in an attic in Paris. This model is similar to the R7 Rapier in function, but is made to the minimum practical size (145mm) for ambidextrous use. The quillions and knuckle guard are a one-piece design, providing an Italian style grip. Due to the custom build nature of old swords, the only possible optins to this weapon are the E5 or E6 grip, the P8 or P13 pommel (Adds \$8), or the smooth or embossed guard (Adds \$20)

- R 8 Rapier, equipped with
- T10X Foil Blade, 35" \$ 116.00
 - T90X Epee Blade, 35" \$129.00
 - T02 Musketeer Blade 32", 35" (+\$20 for 40") \$152.00
 - T01 Schlager, 35" (+\$10 for 37", +\$20 for 40") \$157.00
 - T03 Rapier Blade (+\$20 for 40 in.) \$157.00
- For 37" Blade, Add \$10, Add \$20 for 40"

- D 8 Dagger, equipped with
- TO4 Flex Dagger Blade \$127.00
 - TO5 Wide Dagger Blade \$148.00

R 9 Rapier - Possibly the toughest combat quality swept hilt made, this double clamshell design bridged the gap from open ring guards to cup hilts. The ambidextrous welded steel guard can withstand enthusiastic combat. It is based on a common late 1500's design as depicted on page 137 of "The Rapier and the Small Sword" by AVB Norman.

- R 9 Rapier, equipped with
- T90X Epee Blade, 35" \$142.00
 - T02 Musketeer Blade, 32" 35" (+20 for 40").....\$165.00
 - T01 Schlager Blade, 35" (+10 for 37", \$20 for 40").....\$170.00
 - T03 Rapier Blade, 30", 32", 35"\$170.00
 - For 37" Blade, Add \$10, Add \$20 for 40"

- D 9 Dagger, equipped with
- T05 Wide Dagger Blade \$161.00

R 10 Rapier - A Stainless steel guard gives outstanding durability to this saber style weapon. Pictured with QUILLION, A \$20.00 OPTION.

- R 10 Rapier, equipped with:
- T10X Foil Blade, 35" \$ 76.00
 - T90X Epee Blade, 35" \$ 92.00
 - T02 Musketeer Blade, 32", 35" (+\$20 for 40")..... \$115.00
 - T01 Schlager, 35" (+\$10 for 37", \$20 for 40") \$120.00
 - T03 Rapier Blade, 30", 32" 35" \$120.00
 - For 37" Blade, Add \$10, Add \$20 for 40"s

- D10 Dagger, equipped with
- T04 Flex Dagger Blade..... \$ 82.00
 - T05 Wide Dagger Blade \$105.00

R 11 Rapier - A nimble, well balanced court sword of stainless steel and wood, this is one of the fastest swords we have ever produced. A 14 gauge polished stainless steel guard and a welded one piece quillion, ricasso and knuckle guard give long lasting beauty to match the performance.

- R 11 Rapier, equipped with
- T10X Foil Blade, 35" \$ 100.00
 - T90X Epee Blade, 35" \$113.00
 - T02 Musketeer Blade, 32", 35" (+\$20 for 40") \$130.00
 - T01 Schlager Blade, 35" (+\$10 for 37", \$20 for 40") \$144.00
 - T03 Rapier Blade, 30", 32", 35" \$144.00
 - For 37" Blade, Add \$10, Add \$20 for 40"

- D11 Dagger, equipped with:
- T04 Flex Dagger Blade \$111.00
 - T05 Wide Dagger Blade \$135.00

D12 Dagger. Zen's parrying dagger is a historically accurate early design widely used in Europe. The ring should be employed to protect the index finger. Our unique grip features an indentation for the thumb, providing a comfortable, efficient weapon.

- D12 Dagger, Wide dagger blade \$107.00
- D12 Dagger, Flex blade \$ 86.00

R13Rapier - this very early rapier design that we copied from a museum piece. The guard is compact and extremely strong. Welded and polished stainless steel catches the light well and provides the best durability possible.

- R 13 Rapier, equipped with
- T90X Epee Blade, 35" \$142.00
 - T02 Musketeer Blade, 32" 35" (+20 for 40").....\$165.00
 - T01 Schlager Blade, 35" (+10 for 37", \$20 for 40").....\$170.00
 - T03 Rapier Blade, 30", 32", 35"\$170.00
 - For 37" Blade, Add \$10, Add \$20 for 40"

- D 13 Dagger, equipped with T05 Wide Dagger Blade \$160.00

"If you don't think too good, don't think too much"
--Ted Williams

Call Us Right Away! 336-835-1205

All Zen Warrior blades are hammer hot forged from high silicon steel billet, and then heat treated in an inert atmosphere at a computer controlled temperature and time. This is not the cheapest way to make blades, but it is the best way. Our objective is to make the granular structure of the steel as advantageous as possible for sword blades. Forged blades tend to contain fewer

internal defects because it is difficult for mineral inclusions to become incorporated in forged material, and any porosity is squashed shut by the pressure of the forging process. Hence, we hammer forge our blades instead of simply grinding them from sheet metal. A sheet metal blade can be beautiful on the outside, but we want to be sure that our blade's beauty is more than skin deep.

We use a specific designation of high silicon steel because extensive fatigue testing has demonstrated its superior durability to carbon steel. It costs more, but allows us to produce a superior product. Our blades are tempered in a computer controlled bell oven. After replacing the air in the bell with inert gas, we temper the blades at a precise temperature for a specific time, and forced atmosphere circulation assures uniform temperature throughout the blades.

We go to this much trouble and expense because we intend to continue making the world's best blades for fighting. True, for dress swords or wall decoration one could find prettier pieces than our blades, but in a fight, whether in the salle, on the battlefield, or on stage, there is no blade in the world that matches our quality.

Theatrical & SCA Blade Prices

T10X ZWA Practice Foil, Extra Strong, 35"	\$26.50
T90X ZWA Practice Epee, Extra Strong, 35"	\$40.00
T04 ZWA Flexdagger, 17.5"	\$38.00
T05 ZWA Wide Flexdagger, 17.5"	\$59.00
T02S ZWA Musketeer, 32"	\$63.00
T02 ZWA Musketeer, 35"	\$63.00
T02X ZWA Musketeer 40"	\$83.00
T03S ZWA Rapier, 30"	\$68.00
T03T ZWA Rapier, 32"	\$68.00
T03 ZWA Rapier, 35"	\$68.00
TO3M ZWA Rapier, 37"	\$78.00
T03X ZWA Rapier, 40"	\$88.00
T01 ZWA Schlager, 35"	\$68.00
T01L ZWA Schlager, Extra Light, 35"	\$68.00
T01M ZWA Schlager, 37"	\$78.00
T01X ZWA Schlager, 40"	\$88.00

T10X Foil Blade, 35 in. \$26.50
Zen Warrior extra strong foil blades are rectangular section blades manufactured by hot hammer forging from high silicon steel billet. These blades are more than twice as strong as Olympic style foil blades, and are suitable for theatrical or historic combat.

T04 Flexdagger Blade, 17.7" \$38.00
Our flexdagger blade is a narrow, rectangular section blade suitable for SCA or theatrical combat. Although it is less common than the wide dagger blade, surviving museum examples prove the narrow flexdagger blade to be an historically accurate piece of combat equipment.

T05 Wide Dagger, 17.7" \$59.00
The ZWA wide dagger blade is a true hot forged and tempered blade that gives unmatched performance in an historically accurate design. We created it as a shorter twin to our T03 rapier blade, so a matched set of weapons is now possible in historic or theatrical fighting. Previously, wide daggers available for historic combat were shaped either by grinding steel or bending sheet metal, neither of which is a satisfactory method of producing an accurate blade. *We are pleased to offer what we feel is the finest fighting dagger ever made.*

T90X ZWA Extra Strong Epee Blade \$40.00
Our extra strong epee blades are specially made to give longer life in SCA or theatrical combat. The blades are too strong to be allowed in sport fencing, but are otherwise the same as a sport blade. While not as strong or durable as a true musketeer blade, they don't cost as much and are lighter weight and easier to manipulate. 35 inches only.

T02S Musketeer Blade 32" \$63.00
T02 Musketeer Blade 35" \$63.00
T02X Musketeer Blade 40" \$83.00
The Musketeer Blade (A.K.A. double wide epee, theatrical epee) is a triangular blade similar at a distance to a sport fencing epee blade, but is actually made on a very different die and is absolutely unusable in the Olympic sport of fencing. These are the best choice for SCA competition fighting and are an excellent choice for theatre productions because the triangular design allows the blade to be both relatively light and durable. Its roots are from the deadly court swords from the late 1600's. Currently available in 32, 35 inch and 40 inch versions. A word of caution: some unscrupulous vendors sell normal sport fencing epees as musketeer epees, calling them "double wides" or "extra wides." These sport

blades have the sport legal maximum 24mm wide fortes, but still use the deep, sharp V sport fencing cross section rather than the shallow across section of the musketeer blade. They will not give satisfactory performance in non-sport fencing arenas.

T01 Schlager Blade, 35" various weights	\$68.00
T01M Schlager Blade, 37" various weights	\$78.00
T01X Schlager Blade, 40" various weights	\$88.00

In hard combat or rough stage use, the Schlager Blade is an excellent choice. Yes, one will lose some historic accuracy to the ZWA rapier blade, but the durability is equal and the Schlager picks up light very well in stage use.

Our Schlager Blades are available in diamond section only, but in a variety of weights. There is no performance difference between oval and diamond blades of the same weight.

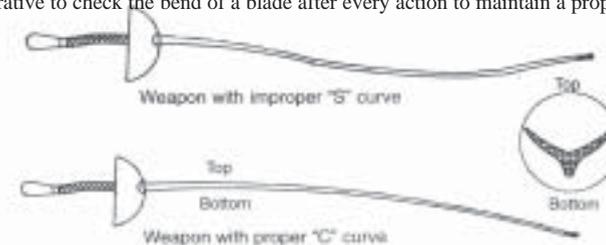

T03 ZWA Rapier Blade, 30", 32" or 35"	\$68.00
T03M ZWA Rapier Balde, 35"	\$78.00
T03X ZWA Rapier Blade, 40"	\$88.00

We offer our rapier blades as the most historically accurate fighting blade available at any price. Those who wish to accurately recreate the rigors and tactics of 16th century rapier fighting will appreciate the balance and resilience of these fine pieces. They are precisely modeled from museum samples, hot forged in high silicon steel, and tempered in state of the art ovens to give unparalleled performance on the stage or on the battlefield. Available in a variety of weights, please specify.

“S” Curves:

“S” Curves occur in sword blades during hard use. If not corrected, this condition will cause a blade to break almost immediately due to the large stress applied to a small area of the blade. S curves are easily removed by manually bending the blade back to a gentle “C” curve. Blades can withstand this rebending thousands of times before failure. It is imperative to check the bend of a blade after every action to maintain a proper bend.

Please Note:

Epee, Rapier and Musketeer blades (i.e. all blades with a triangular cross section) are designed to bend away from the wide section of the blade - see illustration. Bending the blade in the opposite direction will dramatically shorten its life.

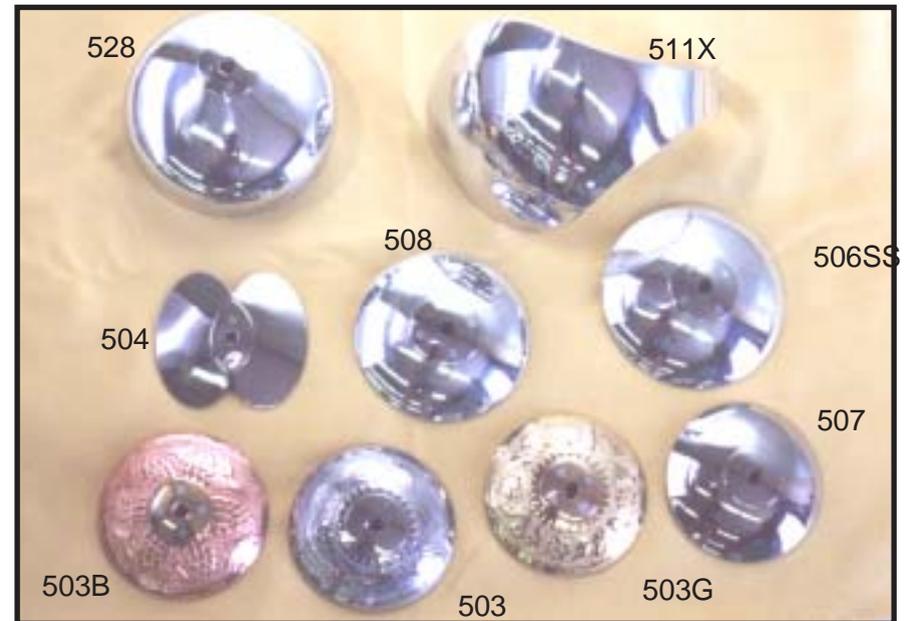

Stress Risers:

Stress risers are small (or large) nicks in the edge of the blade resulting from blade striking blade. Blades will always break at the point of a stress riser. To minimize breaks, minimize your stress risers with a judicious application of fine sandpaper.

ZWA guarantees this product to conform in all relevant aspects with the Heisenberg Uncertainty Principle, such that it may be physically impossible for the consumer to discover simultaneously both precisely where this product is and how fast it is moving.

Guards

- 503 -ZWA stainless foil guard, embossed with beautiful design. Rolled edge and reinforced center. \$20.00
- 503B - ZWA stainless foil guard, embossed with beautiful design. Rolled edge and reinforced center. Brass \$20.00
- 503G - ZWA stainless foil guard, embossed with beautiful design. Rolled edge and reinforced center. Gold anodized finish. \$20.00
- 508 - ZWA Foil Guard - 110mm - Steel reinforcement, 2 mm extra strong aluminum. \$5.50
- 506 - ZWA Foil Guard - 120mm - Steel reinforcement, 2 mm extra strong aluminum. Excellent for parry daggers. \$9.50
- 506SS - Super strong 120mm. stainless steel guard. Center reinforced 14 gauge polished stainless steel \$25.00
- 504 - ZWA Crown Guard - Steel reinforced double lobe guard, 14 gauge stainless steel. Beautiful, historically accurate, and extremely strong. An excellent choice for a court sword or parry dagger, it can be matched with a G3 mini guard to make an Italian style weapon, or with the traditional E1 or 630S grips. \$18.00
- 511X - ZWA Saber Guard - Recommended for an off hand parrying weapon guard. It works very well with the ZWA Flex Dagger blade \$16.95

G1 Foliage Guard - Solid Brass - From a very old original we found in an attic in France, it's strong enough to be a fighting guard, but frequently used on show weapons. Matches well with G3 mini guard to make an Italian style weapon. \$20.00

G2 Two Serpents Guard. - Solid Brass - Makes a nice guard for a court sword or parry dagger - Copied from an original we found in France. \$20.00

G3 Mini Guard-Solid Brass-Piece can be used as a decorative dagger guard by itself, or can turn any foil or crown guard into an Italian style grip \$12.50

SH1 - Swept Hilt Guard - A graceful stainless steel guard of early rapier design. Ambidextrous. As pictured and described in "The Rapier and Small Sword" by AVB Norman, Page 132. \$78.00

SH2-Swept Hilt Guard-Stainless guard of double clam shell design. Transition piece from open ring to cup hilt design. As pictured and described in "The Rapier and Small Sword" by AVB Norman,Page 137. \$78.00

KG1 - Knuckle guard of stainless steel. Works beautifully with the 504 crown guard, but will not fit behind a domed guard \$22.00

KG2 - Stainless steel knuckle guard with ricasso. Work with crown guard and domed guards\$27.00

SQ1 - A stainless version of the historically accurate brass G3 mini-guard. This one is much stronger and withstands combat much better than brass, but otherwise is the same piece \$18.00

SQ2 - Same as the SQ1, but is made deeper to allow for two fingers inside the loop. Stainless.\$20.00

SQ3 - Same as the SQ2, but with wide quillions. That's right, it's deep and wide, and looks great behind a foil guard or crown guard. Stainless. \$25.00

- SCG-ZWA - Theatrical guard, smooth. See Description of SCGX \$30.00
- SCGX - Theatrical guard, embossed. A big, robust creation made to take punishment in theatre or SCA type use. Dome is center punched and double reinforced at the blade mount. Rolled edge stainless construction withstands any weather. Picks up light very well in stage use. The 165mm size gives ambidextrous protection even to big hands. MATCHES SCQ QUILLION ONLY! \$45.00
- SCQ-ZWA - Theatrical quillions are made of 9mm diameter steel and fit perfectly inside our SCG or SCGX theatrical guards. These pieces attach directly to the blade, allowing the competitor or fight director flexibility in choice of grip. We recommend the #630/s ambidextrous leather over wood grip as a good starting point, and the E1 grip for those seeking beauty and function. \$22.00
- SCGR-ZWA Theatrical Rolled Edge Guard. At 145mm diameter this guard is slightly larger than an Olympic style epee guard, but has a centered aperture. It's made of stainless steel with a rolled edge, and is the smallest guard available which can offer ambidextrous protection. If you like the idea of the SCG guard, but want something a little subtle, this is your best choice. *Matches SCQR Quillion only!* \$35.00
- SCQR This quillion set is made to match the SCGR guard. It's stainless steel with a knuckle guard. Matching pieces are grip #E5 or E6 *only* and pommel #P8*only*. \$25.00
- 528 - ZWA Epee Guard - Extra strong (2mm thick) aluminum and a double steel reinforced blade mount can take rough treatment. Note that epee guards must be mounted to protect to the left or right hand, and cannot protect both equally, but ours is modified to do just that \$8.95
- SCGS-Stainless saber style guard. Very strong, ready for combat. Optional quillions SCQS fit properly. \$34.00
- SCQS - Stainless quillions to fit SCGS guard \$25.00
- 511SS - ZWA stainless saber guard an extra strong saber style guard of bright polished stainless steel with rolled edge construction. Extremely durable guard.Will serve for years in combat, Ambidexterous. \$25.00
- NDG - ZWA stainless dagger guard, this is a simple 1500's design of dagger guard featuring a disc covered ring guard for the fingers. A tough, good looking, clean design. \$30.00
- SCGRX - An embossed version of the SCGR \$55.00

Grips

Grips - Please be careful to read the recommendations when selecting a grip. Just cause it looks cool is not necessarily a good reason to get it. Some grips will easily fit on your weapon without difficulty,

but with others you'll have as much chance of making it fit as you will of finding a virgin at the Kennedy compound.

Saber style grips (almost straight grips) provide the most versatility. Please note that tangs of some blades must be modified to fit some grips.

630/S - ZWA Saber style ambidexterous leather over wood grip. It gives the best combination of control and historical accuracy of any current grip. We recommend it as the first choice for theatrical and SCA combat. It will not combine with quillions except for the SCQ Quillions on the R7 Rapier. \$7.00

630P - Leather over wood french grip. Specify right or left. \$7.00

E1 - A reproduction of an ancient grip we found in France. Leather over wood, brass wire over the leather. It's beautiful, functional, and historically correct. 6.0", and *can only be used with the quillions used with the R 7 Rapier*. \$19.75

E2 - Brass wire over black polymer, made for use with quillions, but might work on a dagger if you have small hands. 4.5" \$8.00

E3 - Brass wire over black polymer, made for use with quillions, too short without quillions. 4.0" \$8.00

E4 - Brass wire over wood, 4.0" long, very pretty. It makes a beautiful dress weapon, but not tough enough for combat \$10.00

E5 - Carved wood grip, works only with the SCQR Quillion and the P8 pommel. Looks beautiful and is historically accurate, but remember wood will split when exposed to the weather. \$10.00

E6 - Milled Aluminum Grip, Same as the E5, but never wears out, no matter what the weather or how hard the use. \$15.00

E7 - Oval Section Wooden Grip, Made for Italian style grips, it's large and strong, and can be cut down at either end for a variety of uses. Length 5 1/4, max. width 1.25 in. \$10.00

E8 - A shaped cylindrical wooden grip made for Italian grips. Very versatile and Easily modified. Length 4.0 in., max. Diameter 1.0 in. \$10.00

E9 - A shaped ambidexterous wooden grip. Excellent for daggers and gives more power and control than a french grip. \$12.00

E10 - Oval section wooden grip made for Italian style grips, similar to the E7 but for smaller hands. 4.0 in. length, 1.0 max. width \$10.00

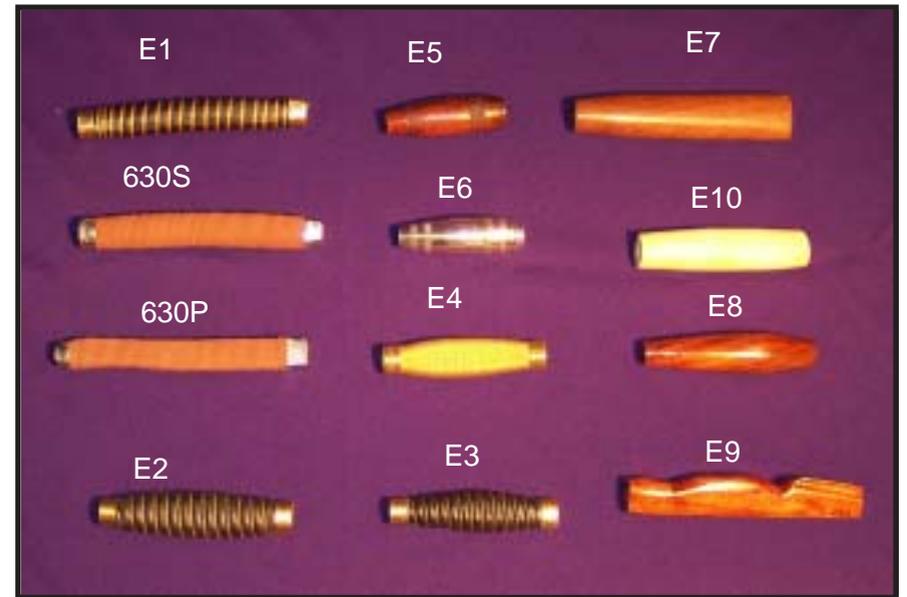

Pommels

ZWA offers pommels of many styles and weights to help you find the right piece for your weapon. Our high strength steel pommels are excellent pieces for a functional fighting sword. For those wanting a more decorative look, our brass pommels are made from molds dating back over 100 years. Some pommels are made to match specific grips only. Please call with questions regarding the suitability of a pommel for your application. All ZWA pommels are threaded metric 6 x 1.

I have good looking kids; thank goodness my wife cheats on me.
--Rodney Dangerfield

Warning! Some metaphysical theories suggest that when the consumer is not directly observing this product, it may cease to exist, or will exist only in an undetermined state.

Once when Yakusan was sitting, Sekito saw him and asked, "What are you doing here?" Yakusan said: "I'm not doing anything." Sekito said: "Then you are just sitting idly." "If I were sitting idly, that would be doing something," Yakusan said. "You said you are not doing," Sekito said. "What is it that you aren't doing?." "Even the saints don't know," said Yakusan.

I don't plan to grow old gracefully. I plan to have face lifts until my ears meet.
--Rita Rudner

Guard Pads

- | | |
|--|--------|
| 580 Felt Pad 1/4 inch thick, 3 1/8 in. diameter. Historically accurate | \$.75 |
| 590 Felt Pad 1/4 inch thick, 5 3/8 in. diameter, off center punch | 1.00 |

Tips

- | | |
|---|--------|
| 2710 Plastic tips for foil or epee blades, 10 pack | \$2.50 |
| 2710B Big Black rubber tips for foil, epee, or false point blades. Very grippy, but wear out sooner than plastic. | \$5.00 |
| SBB Blunts for schlager blades. Rubber, each | \$1.50 |

Masks

Masks - Fencing Masks should no longer be called “three weapon” or “foil” as a means of determining the strength of the piece. Modern masks must all pass a 12 kilo punch test as prescribed by the FIE before use in any competition, so the mesh must meet a minimum standard no matter what weapon it is intended for.

There is, however, a significant difference in the puncture resistance of bibs, and ZWA recommends that you get the highest Newton rating your wallet will allow.

The steel mesh of masks comes in two levels. Carbon steel mesh is good stuff, meets the rules, and will dent if hit hard. It is relatively easy to push the dents back out.

The best mesh is heat-treated 300 series stainless. It is used in FIE homologated masks, and the ZWA models 2000 and 2001.

Remember please that all fencing masks are designed for use in sport fencing, and no scientific study has ever been conducted to test their suitability in SCA or other historic combat. In fact, the loads put on a mask by schlager, musketeer, and other rapier blades could be significantly more than any fencing mask is designed to withstand, and ZWA consequently does not guarantee any mask put to this use.

#183 - A light, comfortable mask with European mesh, our entry-level mask is similar to those sold by German and French houses at nearly twice our price. ZWA's high volume purchasing power gives a Euro quality mask at a price one would expect for a Chinese product. \$75.00

#1999 - Our Zen Warrior mask features a removable and washable inner bib liner combined with a strong, light European frame. This is the world's first competition legal mask with a washable bib at a reasonable price. The padding is plush, and gives excellent shock absorption without excessive bulk. Our mask is unmatched in features and comfort and is certainly the best buy in competition masks under \$100.00.

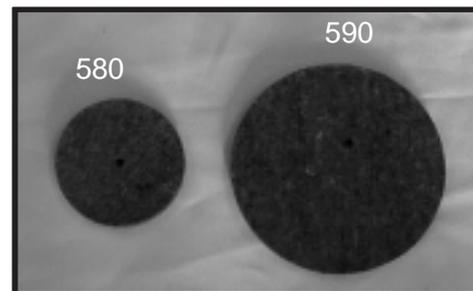

Sizes: 2 - Children under 11, 3 - Women, 4 - Men, 5 - Men 6' 3" or over. Colors Available. \$89.50

#2000 - For those wanting maximum durability at an affordable price, ZWA has created a new mask with unique features. The frame is constructed of FIE stainless mesh for long life, the bib is FIE rated at over 400 Newtons, and padded. It has the new washable ZWA inner bib liner for those of you who like to wash their clothes occasionally, and is available at an excellent price.

Sizes: 2 - Children under 11, 3 - Women, 4 - Men, 5 - Men 6' 3" or over. Colors Available. \$136.00

#2001 - ZWA stainless mask. This is the strongest mask money can buy. The bib is 1600 newtons of puncture resistance, and the mesh is 304 stainless steel. It is much stronger and more durable than a carbon steel mask.

Sizes: 2 - Children under 11, 3 - Women, 4 - Men, 5 - Men 6' 3" or over. \$158.00

“If I had to live my life over again, I'd be a plumber”

--Albert Einstein

We worked very hard to make these for you and would appreciate it if you would buy one right away.

“I think, therefore I'm single.”

--Lizz Winstead

Rapier Gorget

RG1 - Zen Rapier Gorget - Polished stainless steel over black leather make a beautiful and comfortable gorget. We have added a disc in front to prevent a sliding blade from getting underneath the collar. Now you can have protection on the rapier list and make a fashion statement at Daytona Bike Week with the same piece \$50.00

Bags

BG-1662 \$39.95

Jimmy Hoffa Autograph Bag. Large team bag with lots of room for masks, uniforms and weapons. Two large outside pockets. Jimmy would be proud to be stuffed into a bag this nice. L 50", W 10.5", D 13"

BG-44-31 \$29.95

Cylinder Bag. Medium capacity. Two inside pockets, reinforced handles. L 50", D 10.5"

BG-69 \$125.00 Our new Hanibal lector autograph model bag fills the desires of those hungering for something different in life. Made from the supple hides of young kidnapped water buffaloes. This bag loves rough treatment, yet still epitomizes the exquisite taste of the discriminating rapier fighter. Dimensionally identical to the 44-34 cylinder bag.

Gloves

2384 Glove of leather with chamois reinforcement. A true fencing glove which most houses sell for twice our price. (XXS, XS, S, M, L, XL, XXL) Specify Grey or Black \$20.00/pair

2239 Fighting glove of supple leather with double thick leather cuffs with hidden Velcro closure. Our best fighting glove. Seamless index finger. (XXS, XS, S, M, L, XL, XXL) Specify Grey or Black \$40.00/pair

2385 Decorated Gloves - Light, supple goat skin gloves. They smell much better than the goat from which they originated, and have reinforcements at the high wear areas. beautiful overlay design for a distinctive period look. Size XS, S, M, L, XL Specify Grey with Blue or Black with White \$30.00/pair

SWS 1 Padded Glove - We made this one especially for heavy rapier fighters. The extensive padding takes the sting out of slaps to the hand and wrist. Flaired cuff, and reinforced in the proper areas. \$50.00/pair
Black only, XS, S, M, L, and XL

Video

VIDEO V1 Logical rapier fighting by Ralph Rufus . An introduction to the principles of rapier fighting. Topics include stance, movement, blade work, defense, offense, and tactics. This video gives combat tested principles in simple terms. Size, gender, and strength are shown to be almost irrelevant. Single rapier and rapier and dagger tactics are demonstrated. \$49.95

Books

LTWP - THE COMPLETE LIGHT WEAPONS FIGHTER
By Bob Rush \$19.95
A witty, in depth book on the evolution of the arcane art of duel. A brilliant look at the sword and the 50 years of philosophy behind the development of modern fencing. While covering contemporary techniques, it concentrates on the recreational aspects of the duel. King Huan Arthur, SCA King of Trimaris, 1993 says "It should be read by all marshals."

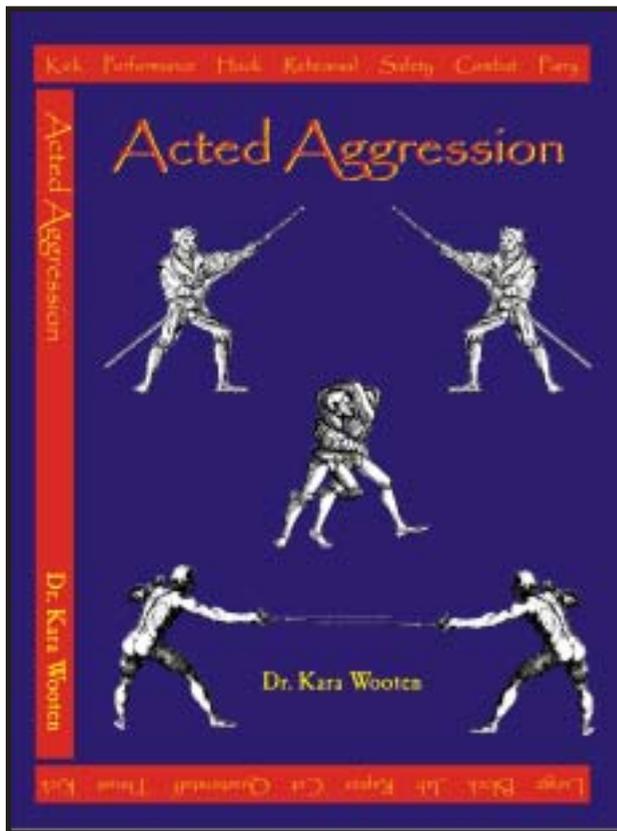

Crim 1 - The Rapier practice of Francesco Alfieri - Excerpts from LA SCHERMA 1640. This is a translation of the original writings of Alfieri with the author's explanations of the actions. Translated and explained by Christopher Walters, Sir Christian the German \$25.00

"Many years ago a very wise man named Bernard Baruch took me aside and put his arm around my shoulder. "Harpo my boy," he said, "I'm going to give you three pieces of advice, three things you should always remember." My heart jumped and I glowed with expectation. I was going to hear the magic password to a rich, full life from the master himself. "Yes sir?" I said. And he told me the three things. I regret that I've forgotten what they were."
-Harpo Marx

Theatrical Fighting Instruction:

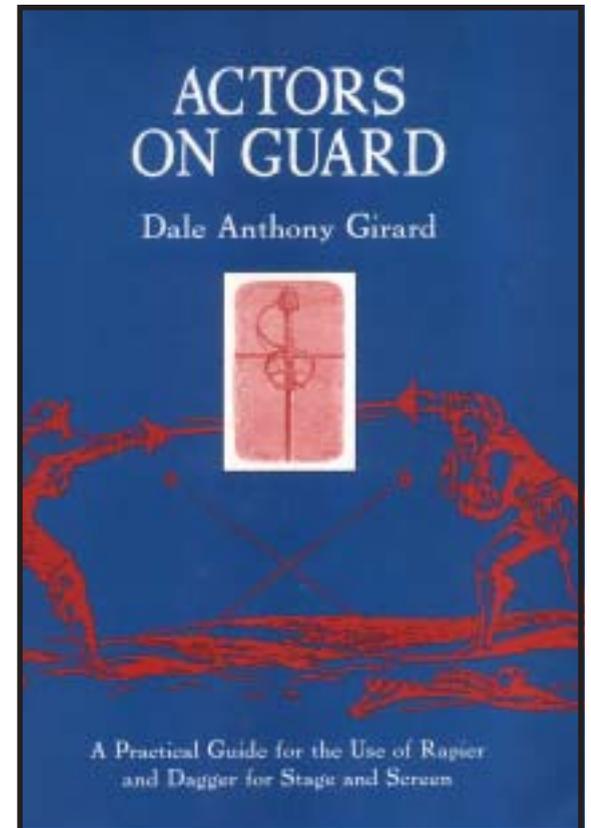

Acted Aggression by Dr. Kara Wooten encompasses detailed descriptions and exercises for Rapier, Unarmed Combat, Quarterstaff, and Rapier/Dagger. It also includes techniques ranging from how to move safely and effectively, to the use (and possible abuse) of weapons. It is a must have manual for stage combat practitioners of all skill levels. It is not only for the stage combat aficionado, anybody who is involved in combat re-enactment and reconstruction will benefit from this tome.

Actors on Guard is the most comprehensive and detailed book on the art of theatrical sword play available today. It provides the reader with the historical, theoretical, and practical basis for learning, practicing and presenting theatrical sword fights. Focusing specifically on the Elizabethan rapier and dagger (the most popular weapons used in staged fights), actors on guard provides actors, directors, teachers, stage managers, and technicians the skills and knowledge essential to presenting safe and effective fights for both stage and film.

Actors on Guard Book \$45.00

"Actors on Guard"

Editors Note: Kara is a beautiful professional stunt woman who practices what she teaches. She is equally happy teaching a university class of theatre majors or ringing someone's bell with a vicious flat snap at the Pensic wars. This is a lady that doesn't just talk the talk. You can't go wrong with her book. \$50.00

Punch Tester - ZWA 12-K Mask Tester. Solid Brass and steel construction, with visual and tactile indicator so that one receives a true 12 K reading on any brand of mask. FIE specifications. Also can be used as a fabric punch tester. \$60.00

Foam Padding - Dense foam padding has many uses for the heavy weapon fighter. Size 4 feet by 4 feet by .75 inch pad. \$39.95

Denim Fabric - ZWA's Super strong 13.5 oz. Preshrunk sanforized 100% cotton denim fabric is available by the yard. Width 60 inches. Two layers gives 650 Newtons on the FIE Dynamometer. Make your own garb and save money. Available in black or white. \$8.00 per linear yd.

Mask Frame - The ZWA mask frames as used in the 1999 carbon steel and the 2001 FIE 304 stainless mask are available, without bibs. Those who want to construct their own head armor can do so with the assurance of passing the 12 K test.

- 1999F Carbon Mask Frame \$ 50.00
- 2001 304 Stainless Mask Frame \$100.00

"Look around the table, if you don't see a sucker, get up, because you're the sucker."
- Amarillo Slim

Clothing

The new SCA drop test is a major improvement over the previous punch test. Our tunics and undergarments are guaranteed to pass this test for 12 months after purchase, or ZWA will repair or replace the garment. To help us fit you, men should provide height, weight, chest measure and waist at the navel. Women should provide height, weight, chest at the largest place, waist at the smallest place, and hips. Please take these measurements carefully with a tape measure.

“No horse can go as fast as the money you put on it.”
-Earl Wilson

Fighting Tunics

T-253 The ZWA fighting tunic was developed in conjunction with historic re-enactment specialists to provide the maximum possible practicality while still preserving the historic flavor of the period. Fighters can add trim, buttons, and embroidery to create a distinctive look. Tunics are available in a variety of colors, or in a combination of colors for an extra \$10.00 per color. 550 Newtons*

Sizes 32-46.....\$50.00 Sizes 48-52.....\$75.00 Sizes 54-56.....\$97.00 Sizes Over 56 \$127.00

*Newton measurements are made in one of two European laboratories under FIE rules. The test is conducted under controlled conditions utilizing an Instron Dynamometer, which gives measurements as precisely as modern technology allows. As a comparison, four layers of trigger cloth measures 477 Newtons. Test result documentation is available on request.

Sergeant Sphincter of the Dirt Patrol sez: Machine washing of ZWA tunics and undergarments is fine. Use warm (not hot) water, mild detergent and no bleach. Hang dry only, please. Seal velcro before washing, and remove promptly from washer, especially with multi colored pieces.

S/393 The ZWA undergarment allows complete freedom of costume, while providing over 550 Newtons of puncture resistance on the FIE dynamometer. Two layers of our special tight weave cotton denim are far stronger than four layers of trigger, and our undergarment meets all SCA corporate regulations for impenetrable protection. It is lighter, cooler, and less restrictive than a tunic.

Sizes 32-46.....\$50.00 Sizes 48-52.....\$70.00 Sizes 54-56.....\$90.00 Sizes Over 56 \$115.00

S/394 One Layer Undergarment - **SPECTRA** is a new super strength fabric that is much stronger than Kevlar or steel wire. We use this material to make a revolutionary product for historic re-enactors. Our single layer undergarment provides over 800 Newtons of penetration resistance on the FIE test, and is so light and breathable that one hardly notices it.

Sizes 32-44.....\$200.00 Sizes 46-48.....\$235.00 Sizes 50-52.....\$275.00
 Sizes 54-56.....\$320.00

Fighting Protection

- #1780. Breast protectors, pair \$7.98
- * #1782. Plastic chest protector for women (Give bra size) \$34.50
- #2121. Leather elbow protector with adjustable buckle \$15.95

**Please specify bra size*

S393

Tozan asked Sozan: “Where are you going?”
 “To an unchanging place,” Sozan said.
 “If it’s unchanging, how could there be any going?”
 asked Tozan.
 Sozan said “Going, too, is unchanging.”

2121 Elbow Protector

1782 Chest Protector

S393

S393

We use an internal blade trap because zippers don't pass the punch test.

Clothing

Fighting Knickers

Knickers - Regardless of a fighter's choice of tunic, doublet, or shirt, it is important for a fighter's safety to use high waist knickers or pants to ensure a sufficient overlap to prevent a blade penetration between the layers. We strongly recommend at least a 10cm overlap between jacket and knickers in the on guard position. Our knickers and pants are made of 100% cotton, and are cut to fit properly in a guard and lunge position.

SK1 Knickers. High Waist. For proper fit, men MUST MEASURE WAIST AT NAVEL, and give inseam to three inches below knees. For women, we need waist, hips, and inseam two inches below knees. Colors available. \$50.00

SK2 Pants. High waist, full length pants. Give full inseam length for proper fit. \$58.95

"First you forget names, then you forget faces, then you forget to pull your zipper up, then you forget to pull your zipper down."
--Leo Rosenberg

Fighting Hoods

H1 ZWA's competition Hoods are made of 100% cotton denim, and feature a velcro closure and 550 newtons of puncture resistance. Call for colors \$24.50

H2 Competition Hood of a single layer of spectra for the lightest, coolest hood possible. 800+ Newtons \$100.00

Shirts

PS01 tunic style peasant shirt - fine garb for the discriminating peasant. Equally comfortable for lounging about the country hovel or for trapping rats in the city sewer ditch. One size fits most from emaciated famine victim to bloated plague carcass, call for colors. \$24.00

PS02 Lace up peasant shirt-just the thing for that special night dining on raw potatoes in an alleyway with that certain someone. Sure to impress. One size fits most, call for colors \$50.00 (Legal for SCA fighting when combined with ZWA undergarment)

PSO3 Round neck peasant shirt, same as the PS02, but without V neck and lace up string. Ideal for light fighting \$50.00 (Legal for SCA fighting when combined with ZWA undergarment)

Pants

SP1 Pants. Our cotton/poly pants have elastic cuffs and a drawstring waist for adjustability. A tough yet comfy pair of pants that match well with our peasant shirts. SCA Legal Leg Covering for fighting \$25.00

Pauldrons

Gorget

Our stainless steel and leather gorget covers the neck and 4 inches of the thoracic region of the spine. It is excellent for light or heavy fighters. \$50.00

A man traveling from New York came to visit a very famous rabbi living in Europe. The man came to the rabbi's house, a large house on a city street, and was led to the rabbi's room, which was in the attic. He discovered the master living in a simple room with a bed, and a few books, nothing more. Disappointed, the man said as soon as he finished formal greetings, "Rabbi, where are your things?" The rabbi quickly asked back: "Where are your things?" "But, Rabbi, I'm only passing through," the visitor said. "So am I, So am I" the rabbi replied.

Guards

Please be aware that all our guards have mass, and will consequently slightly warp space and time in their vicinity.

Thag-1-an extra strong cup guard of 12 gauge stainless steel and steel rivets. Weight 1.46 lbs. \$45.00

Thag-3 - a tournament basket guard of welded stainless steel. Allows excellent freedom of motion. Weight 1.52 lbs. \$75.00

Thag-4 - Shield basket of 400 series stainless. \$50.00

Thag-2 - a large basket guard for men with big hands. Excellent war guard, as one can see through it on a shield wall and protect the face from spears. 2.5 lbs. of stainless steel. \$35.00

Thag 5 - Smaller, version of the Thag 2, a basket guard with screw attachment at the bottom, and single post at the top. Stainless steel, 1.54 lbs. \$40.00

SB1- Stainless shield boss with welded grip. Highly polished, 21 inch circumference dome for light weapon bucklers or heavy weapon shields. 2 lbs. \$65.00

Starter Sets

SCA Light Weapons Starter Set

Our starter set for historic reenactment fighting gives good quality components at a discounted price. It is possible to upgrade any component in the kit. Just add the price difference between the listed product and the product you want to substitute. Please check with your local authorities to determine if the piece conforms to the requirements of your sanctioning body.

Very large sizes might increase the price.

The kit consists of:

- 1) R3 rapier (or trade it for any weapon)
- 1) 1999 mask (or trade it for any mask)
- 1) T253 tunic OR 1)S393 undergarment (or trade it for spectra)
- 1) pair of 2384 gloves (black or grey) (or trade them for any gloves)

The discounted price depends on your choice of blade:

T10X	\$198
T90X	\$210
T02	\$235
T01	\$240
T03	\$240

SCA Heavy Weapons Starter Set

Our heavy starter set contains high quality stainless armor that performs well at any level of competition. One may upgrade any component of the kit by paying the price difference of the items. Please check your local authorities to resolve questions of legality of these components.

The kit consists of:

- 1) spun top helmet (or trade for any helmet) \$138
- 1) pair of 5 pc. knees \$159
- 1) pair of steel arms \$168

TOTAL \$465

YOUR DISCOUNT PRICE \$400.00

Barbara Walters: *You've been married 42 years, what makes your marriage work?*
Robert Mitchum: *Lack of imagination, I suppose.*

How To Order

Fun Facts To Know and Tell

We take telephone orders from 9:30 am until 8:30 pm eastern time Monday thru Friday, sometimes 10:00 am to 5:00 pm Saturday if we have not gone fighting, and sometimes Sunday nights from 6:00 to 9:00 pm. Payment is by Mastercard or Visa. You may also mail in your order with a bank check or postal money order. Personal checks will delay your order three weeks while your check clears. No checks accepted from Congressmen or Televangelists!

Gift certificates are available; just let us know the person's name and address, and the amount you wish to give. We'll send them a current catalog with their certificate.

All shipments are by US Postal Service unless otherwise requested. We charge for the UPS or Post Office delivery, plus a handling and box fee of \$4.50. Please note minimum freight charge is \$8.00. North Carolina orders, please add 7% sales tax. We ship most orders within one day of receiving them.

Due to fluctuation in foreign exchange rates, prices may change without notice. All items (except special orders) are returnable if in new condition. Call us if you have any problems or if you wish to arrange a return.

A hand tracing or a foot tracing will help us send you the right size glove or shoe. Help prevent delays in receiving your equipment by giving us the necessary information.

Please inventory your shipment immediately upon receipt and check all your packing material carefully before you throw it out; many times there will be small parts loose in the packing.

Should you have a problem, all efforts will be made to generate satisfaction. If you need to return any item for any reason, please call or write for authorization first.

Equipment should be returned unused, freight prepaid, with complete details such as your name and address, method of payment and action you wish us to take.

All refundable items must be clean, new, unused, and ready for resale if full refund is desired.

Equipment leaves here in perfect condition. Check the condition of your merchandise and shipping container in the presence of the delivery agent. If your goods arrive damaged, please take it up with the shipper (usually USPS). We are not responsible for damage in shipping. USPS usually requires that you save the box for their inspection.

Thank you for your cooperation. We hope you enjoy your equipment.

Order Desk 336-835-1205

Note from the Department of Redundancy Department: Did we forget to mention that any items returned to us must arrive in new condition, ready for resale, in order for you to receive full credit?

CHANGE OF ADDRESS

In considering a change of address, the traditional dictum of "no more than a quarter of one's available income toward lodging" may still be said to hold true, though this should not be taken as a hard and fast rule for the modern young couple.

Dennis Graves Designs

Those knowledgeable in the custom weapons world recognize Dennis Graves as one of the finest and most respected builders in the world. For years the only problem with Graves weapons has been getting them, as his work is so sought after by connoisseurs that his waiting list can be rather extensive. In order to resolve that problem you can now buy two of Dennis' most popular designs from Zen Warrior Armory. These are precise copies of Dennis' designs, produced by ZWA to his high standards of quality.

DG1

DG2

DG 1 Graves Court Sword - An elegant and accurate court sword showing the skill and artistry that make Dennis Graves' work sought after around the world. It should be no surprise that outside the USA the highest demand for these weapons is from France. Stainless steel and wood materials throughout.

Equiped with

T02 Musketeer Blade, 30, 32, 35 inches \$162.00

(Add \$20 for 40 inch blade)

T03 Rapier Blade, 30, 32, 35 inches \$167.00

(Add \$10 for 37 inch, \$20 for 40 inch)

DG 2 Graves Spanish Rapier - This the most popular weapon in the world of classical rapier fighting. The guard and quillion are stainless steel.

Equiped with

T02 Musketeer Blade, 30, 32, 35 inches \$187.00

(Add \$20 for 40 inch blade)

T03 Rapier Blade, 30, 32, 35 inches \$192.00

(Add \$10 for 37 inch, \$20 for 40 inch)
